MEMORANDUM FOR: Project Director
Project Director of Administration
Project Director of Research and Development
Project Security Officer
Project Communications Officer
Project Contracting Officer

SUBJECT : Advice of Allotment Number 945-1 (Project CORONA)

1. For the information of all concerned, the Special Assistant to the Director for Planning and Development arranged for funds to finance the subject undertaking. With council from the Security Staff arrangements were made for these funds to be allocated under allotment symbol 8-1004-50-020; which allotment symbol is in the series of accounts established for recording obligations and expenditures applicable to Project CHALICE (previously AQUADONS). This approach eliminated numerous questions that would have arisen had this undertaking been established through the Comptroller's Office as a separate entity.

2. It is my view that the SA/PD/DCI would desire the costs of this operation recorded, accumulated, and reported as a separate process. Accordingly, the cooperation of all addressees is solicited to the extent that when a commitment is made involving business of subject project, specific identification should be made on the committing document showing "CORONA" and/or allotment symbol number 8-1004-50-020. Careful compliance by all concerned with this suggestion will make it possible for the DPS Comptroller to accumulate the costs and render reports as indicated.

3. The signature of SA/PD/DCI in the space provided hereunder signifies his approval of the assumptions and recommended manner of recording obligations, accumulating costs, and rendering reports.
